## What's New in Children's Ministry!

Keeping our children safe is of the utmost importance. We are working toward establishing a general children's check in area and new protocol.

With this in mind, we have purchased new children's check in software and label printer.

"Kidminapp" has many awesome features, including a parent app. Parents will be able to create their own account on their smart phone, adding their child's information. They will have the option of checking in their child from home. A label for your child will be printed and waiting for you to pick up when you arrive at church. We will have the ability to page parents on their phones if the need arises.

We will begin using Kidminapp this summer. Be watching for more detailed information!

Thank you for your cooperation as we work to keep our Children's Ministry area secure and our children safe.

## Grandview is supporting Adoption

Grandview believes in the sanctity of human life. Grandview currently supports Pregnancy Resources, which promotes life. In addition the Elders have a passion to help adopted families and have developed a Grandview assistance program to support couples desiring to adopt children who need a forever home.

Grandview will have a board with 100 brown envelopes with \$ amounts listed from \$1 to \$100 on the envelopes. We are encouraging each person to pick up an envelope with the \$ amount they are willing to fill with cash or a check written out to Grandview Church. Once all the envelopes are full, Grandview will have raised \$5,000 to defray the couples adoption cost to start their child's forever home. The money raised will be sent to the agency processing the adoption.

Mike & Raechel Osborne will be the first recipients of the Elders new adoption assistance program. Grandview will be helping sponsor the Osborne's and their new family addition.
